

TRIPLE CLEAN FOR EQUINE USE PRODUCT INFORMATION

THE MOST COST EFFECTIVE EQUINE DISINFECTANT ON THE MARKET.

Ideal for cleaning down stalls, floats & trucks and equine equipment.

At 10 mls per 4 litres Triple Clean is effective against the following viruses:

- **Leptospira** - (rare in horses but cases have been identified)
- **Escherchia Coli** - (associated with acute diarrhea in foals)
- **Staphylococcus aureus** – associated with skin disease
- **Streptococcus** – associated with wounds
- **Pseudomonas geruginose** – associated with old wounds (gangrenous)
- **Clostridium** – muscle infections
- **Klebsiella choleraesuis** – common in foals
- **Enterobactor aerogenes** – common in foals
- **Candida albicans** – associated with skin infections & uterine infections
- **Microsporum** – ringworm
- **Pseudorabies aeruginosa** – rare in horses

Triple Clean can also be used as a wash for control of fungal infections on the coat.

Recommend it is used at 25 mls per 4 litres and left to air dry on the coat.

Repeat for 3 days then use an equine health shampoo to condition the coat.
